RCE APPLICATION – RCE Sejong

Dear

The Global RCE Service Centre, which serves as the Secretariat of the Ubuntu Committee of Peers for the RCEs (hereinafter referred to as the “Committee”), convened its 19th meeting on 10 December 2024 to review applications from across the globe.

On behalf of the Committee, I am delighted to officially inform you that, based on the Committee’s recommendations, the United Nations University (UNU) acknowledges RCE Sejong as a valued member of the Global RCE Network. In addition, I would like to inform you of the specific suggestions that the Committee encourages you to take into consideration:

- Establish clearer governance and decision-making processes by involving a diverse range of organizations to foster collaboration and synergies, while also integrating youth into both decision-making and operational activities.

As a new member, we encourage you to actively communicate with the Regional Advisors as well as fellow RCEs. Collaborating within the network offers valuable opportunities to explore synergies and exchange knowledge. For the contact details, kindly refer to the profile page of Regional Advisors and Profile Page on the RCE website.

I look forward to closely collaborating with you through UNU Institute for the Advanced Study of Sustainability (UNU-IAS), for further development of RCE Sejong and the promote ESD initiatives.

Sincerely,

Head of Innovation and Education Programme
UNU Institute for the Advanced Study of Sustainability (UNU-IAS)
